His Worship Mayor Ken Chorley and Members of Council
Town of Hampton
27 Centennial Road
PO Box 1066
Hampton, New Brunswick
E5N 8H1

Dear Mayor Chorley and Members of the Council:

I congratulate the Town of Hampton on completing Milestone 1 of the Partners for Climate Protection (PCP) program for corporate emissions. With this milestone you have completed the corporate emissions profile. Your municipality's completion of this milestone is posted to the PCP website at www.fcm.ca/pcp.

We look forward to working with you in the development of the Town of Hampton's community inventory as well as the establishment of reduction targets, action plan and implementation strategy for both corporate and community emissions, which constitutes the next milestones in the PCP framework. Your efforts, and those of the growing number of PCP participants, are making a significant contribution to reducing Canada's GHG emissions.

Cost-effective, community-based projects offer the very best opportunities for taking action on climate change. Since 2008, PCP member municipalities have voluntarily reported on over 700 projects to reduce GHG emissions. These projects represent more than \$1 billion in investments and over 1.7 million tonnes in GHG reductions.

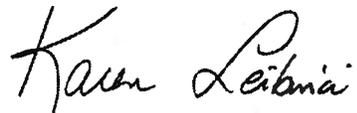

PCP will be holding a recognition event at the Sustainable Communities Conference (SCC) on February 13th, 2013 in Windsor for municipalities that have achieved milestones since February 2012. We would be very pleased if a representative from the Town of Hampton that is attending the conference is available to attend the ceremony on Hampton's commendable achievements. Further information on the SCC is available at www.fcm.ca/scc

Our Program Officer, Muni Ahlawat, will contact Richard Malone, CAO, to discuss how PCP can continue to serve the needs of your municipality. Should you have any questions, Mr. Ahlawat can be reached by telephone at (613) 907-6346 or via e-mail at pcp@fcm.ca

Yours sincerely,
