# Hampton

Where Every Visit Feels Like Home

# A MESSAGE FROM THE MAYOR

*Our town is full of charm, history, and friendly faces, and we're excited to share it with you!*

*We're proud of our scenic trails, local shops, and vibrant community spirit — and we can't wait for you to experience it. Whether you're visiting for a day or staying a little longer, we invite you to slow down, explore, connect with our community, and make wonderful memories along the way.*

*From all of us in Hampton, welcome — we're so glad you're here.*

**-Robert "Dewey" Doucet,  
Mayor of Hampton**

## WE ARE A SMALL TOWN WITH BIG STORIES

A place of outdoor adventure, at-home hospitality, and homegrown goodness.

A place where water shapes the land and our way of life - from our forest trails to our main streets.

Plan a visit - our makers, doers and dreamers are ready to show you just how deep our roots run.

Paddle the beautiful Kennebecasis River, hike the trails at Dutch Point Park, play a round of golf, taste fresh fare from farmers markets & restaurants, find a new favourite flavour at cafés and breweries, discover local art, or make some of your own.

Come on over, meet the neighbours, and you'll discover why...

*It's our nature!*

In Hampton, we honour the ancestry and ongoing presence of the Wolastoqiyik, Mi'kmaq, and Peskotomuhkati peoples within our community.

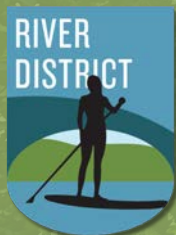

The Town of Hampton is proud to pay homage to local Indigenous culture, language, and history through interior and landscape design features in our newest facility, The Summit Center.

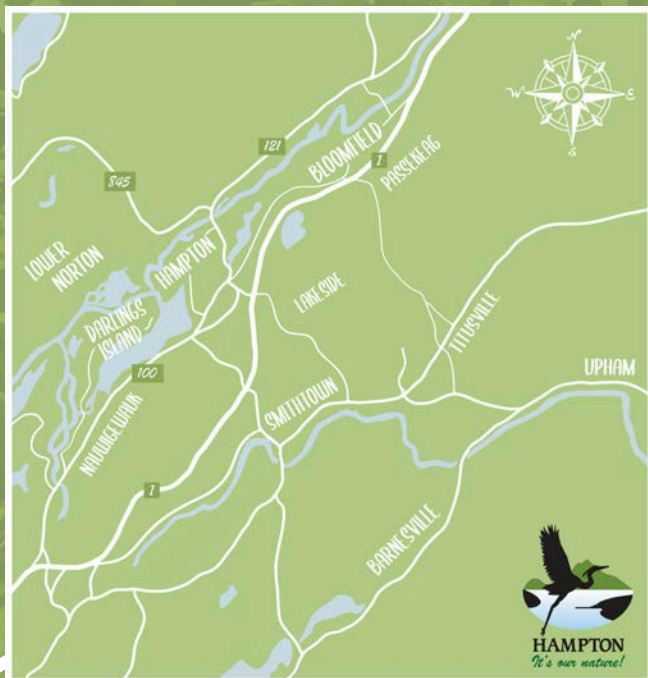

Through meaningful partnerships with Indigenous community and cultural leaders, we recognize and celebrate their enduring contributions to the development and identity of our town –past, present, and future.

# FINDING YOUR WAY...

Hampton has five districts that capture all the must-see places and spaces in town! Follow the district signage and banners to your adventure location.

## A Mission of Community Sustainability

Here in Hampton, we strive to be a place where community and environmental consciousness intertwine to create a greener, more vibrant future.

Our town takes pride in our myriad of initiatives that reflect the shared dedication of residents, businesses, and local organizations to reduce our ecological footprint. From the implementation of EV charging stations to community-driven conservation efforts, every action contributes to sustainability in our town.

We warmly invite you to be a part of our actions toward sustainability.

## Transportation

Our town features an **extensive trail network** for nature-inspired walks and connections to amenities. Stroll through pedestrian-friendly streets, and check out our electric car charger in Town Square, and at the Summit Center! Join us in embracing a greener future for Hampton.

## Community Initiatives

Explore Hampton's green initiatives! Visit our community garden, admire the rain garden, planted by the Kennebecasis Watershed Restoration Committee on Main Street, recycle your batteries with various drop-off locations around town, and support monarch populations through the Mayor's Monarch Pledge. Hampton High School is even powered with the help of solar panels!

## Supporting Local

Embrace sustainability by **buying local** in Hampton! Visit our market in town square Friday evenings in the summer, showcasing local crafts, fresh produce, baked goods, and artisanal foods. Explore Spuds n' Things and Hampton Corner Grocery (Formerly Kredl's) for a selection of locally produced items. Take a stroll through the area's gift shops to find beautifully crafted products from talented artisans.

## Continued Practice

Hampton has been participating in the **Partners for Climate Protection program since 2011**. This program sets targets for emissions reduction in Hampton through municipal actions. Hampton's Climate Plan was updated in 2023 to continue working toward our emissions reduction goals.

# REMEMBERING OUR

# ROOTS

**H**ampton has a rich history dating back to the Loyalists arrival in 1784. During this time, the community thrived on its agricultural industry, but the railway, mills, and a steamship business contributed to its growth in the 19th century.

Due to the success of the area, Hampton gained its designation of Shiretown, which led to the opening of the Kings County Courthouse, which now serves as our Town Hall. The first court session was held in May 1872. Another feature of our historic past that is well-preserved in our square is the Kings County Gaol (Jail). Originally built in Kingston, New Brunswick, the jail was moved over the ice of the frozen river, brick by brick, to be reconstructed in Hampton in the 1870's. Tours of the old jail can be taken through the Kings County Museum, located right behind Town Hall.

Finally, our small town is famously known for being the birthplace of John Peters Humphrey, the author of the first draft of the Universal Declaration of Human Rights in 1947. You can observe many public art installations across town in his honour on our Public Art Tour.

## DID YOU KNOW ?

Hampton was home to the first telephone in New Brunswick in 1878, which was leased to G&G Flewelling Manufacturing Co.

**BRIDGES**

## DAMASCUS COVERED BRIDGE

Built in 1914, the Smithtown Covered Bridge spans 56 meters (183 feet) over the Hammond River, blending history with natural beauty. A peaceful stop along a scenic drive, this well-preserved landmark reflects the region's rich heritage. To find it, take Route 1, Exit 158, follow Route 100 west for 2.7 km (1.6 mi.), continue on Lakeside Road for 4.7 km (2.9 mi.), then take Route 860 east for 1 km (0.6 mi.) before turning onto Damascus Road.

## DARLINGS ISLAND COVERED BRIDGE

Built in 1914, this bridge is celebrating 112 years on the Hammond River! While it is no longer in service for vehicles, it offers a popular stop for tourists, historians and sightseers alike. Every Christmas, neighbours hang thousands of lights to decorate this historic gem. Open year-round. Parking available at south end of bridge.

 [151 Darlings Island Rd., Darlings Island](#)

## BLOOMFIELD COVERED BRIDGE

Built in 1917, the Bloomfield Covered Bridge spans 45 meters (146 feet) and remains a charming piece of New Brunswick's history. Nestled in a picturesque rural setting, this timeless wooden bridge offers a glimpse into the past while providing a scenic spot for visitors to admire. Easily accessible, take Route 1, Exit 166, then follow Bloomfield Ridge South Road northwest, turn right onto Centennial Road, and left onto Bloomfield Station Road.

Visit the **Kings County Museum** to see photos of the numerous covered bridges in the “Kings County” region.

Visit  
[tourismnewbrunswick.ca/covered-bridges](http://tourismnewbrunswick.ca/covered-bridges) to view an interactive map of all the covered bridges in New Brunswick you can visit!

**In 1953, New Brunswick was home to 340 covered bridges  
— today, only 58 remain.**

The Hampton area is fortunate to have 3 of these landmarks that have been preserved, each offering a glimpse into the past and a connection to our province's rich cultural story.

A woman with a red ponytail is seen from behind, sitting on a silver motorcycle. She is looking out over a large body of water, possibly a lake or a wide river, towards a forested hillside with autumn foliage. The sky is filled with heavy, grey clouds. The motorcycle has a license plate that reads 'YEY66' and a 'New York' logo on the fuel tank.
