What is a Barn Quilt?

Barn Quilts are colourful murals inspired by traditional quilt patterns. They celebrate the craftsmanship, creativity, and heritage of our community.

Our Quilt Barn Tour showcases these locally painted works while guiding visitors to heritage sites, artisanal businesses, and unique local experiences throughout our town.

Choose your trail!

Whether you're seeking a scenic country drive, shopping for local treasures, or wanting to explore the center of town, our Quilt Barn Tour trails offer it all.

The River & Roots Trail is a short jaunt from town square that takes you through our lovely bustling commercial and residential areas!

The Blooming Bounty Trail ventures along the Kennebecasis River, making lots of time for stops at some of our favourite local antique and artisanal shops!

The Fields & Flavours Trail offers winding country roads and stunning pastoral views as you visit historic farmlands, a local winery, farmers market, and more!

The trail sites are listed in this guide in the most convenient driving order, so if you would like to try multiple trails, we recommend following the numbered order from 1-24!

Collect your punches!

In the passport section of this guide, you will see certain locations listed with a hole-punch symbol.

At these locations, ask an employee for your Quilt Barn Tour Stamp. Collect them all and return your passport to the Hampton Visitor Information Center for a commemorative token of our appreciation!
